# Help for Haiti

## How To: Collection Bins

1. Assemble a collection bin to accumulate your donated goods. (40-gallon trash bins work great.)
2. Place the bin in a prominent location where your employees or customers can see it and easily donate needed supplies.
3. Print attached marketing materials (2 pages from below) and tape them to the outside of the bin.
4. Send out an e-blast to advertise the collection drive and provide a list of the most needed items for Haiti.
5. Once your bin is full drop off the collected supplies to your nearest PROJECT C.U.R.E warehouse or collection facility.
6. The need in Haiti will be great for a long time, please continue to collect supplies and bring them to PROJECT C.U.R.E.
7. If people want to donate money instead of supplies, please tell them to visit [www.projectcure.org](http://www.projectcure.org) and donate online. Please select 2010 Haiti Earthquake Relief in the dropdown menu.

If you have questions please call: 303-792-0729

Thank You!
